

SUSTAINABILITY IN EVERY WATT

Business OVERVIEW

INTRODUCTION

Established in 2013, Krivi Energy Private Limited has been a trailblazer in the Indian renewable energy sector. With over a decade of experience, we have transitioned from trading solar cells to manufacturing high-performance PV modules and providing end-to-end Solar EPC (Engineering, Procurement, and Construction) services.

Sunsets are beautiful
but at Krivi Energy
we chase Sunrises
fueling India's industrial
growth with sustainable energy.

Raj Bhalala
Managing Director, Krivi Energy

OUR VISION

At Krivi Energy, our vision is aligned with India's ambitious goal of achieving **Net Zero Bharat**. By leveraging innovative technology and sustainable practices, we are committed to driving energy independence for a greener tomorrow.

Revolutionary Products:

Delivering cutting-edge solar modules, including Mono PERC and TOPCon technologies, designed for maximum efficiency and long-term reliability

Expert EPC Services:

Providing end-to-end engineering, procurement, and construction solutions to ensure seamless execution of solar projects across all sectors.

Empowering Partnerships

Expanding renewable energy reach through franchise opportunities, empowering local businesses to contribute to the clean energy movement.

WHY CHOOSE US

Proven Expertise

With over a decade of experience in solar energy, we deliver reliable and innovative solutions tailored to your energy needs.

Comprehensive Services

From high-performance solar modules to end-to-end EPC solutions, we ensure excellence at every step of your clean energy journey.

Sustainable Commitment

Dedicated to driving India's renewable energy goals, we provide long-term, eco-friendly solutions that create value for generations

 The future of energy is here. At Krivi Energy, we're not just adapting to change; we're driving it. Together, let's shape a cleaner, self-reliant world for generations to come.

EPC Solutions

Rooftop Solar

Maximize roof space for cost-effective, clean energy in commercial, industrial, & residential setups.

Floating Solar

Harness solar power on water bodies while saving land and reducing evaporation.

Ground-Mounted Solar

Scalable, high-efficiency solutions for Industries and utility-scale projects.

O&M Services

Ensure peak solar performance with proactive monitoring and maintenance.

Solar Pumps

We offer a variety of Solar Water Pumps, including both DC and AC options helping farmers cut down on costly fuel expenses.

Ongoing Ground Mount Projects

**MAHAGENCO
13MWp**

**MAHAGENCO
9.1MWp**

**MEGHA (MEIL)
6 MWp**

**PODDAR
DIAMONDS
11MWp**

Rooftop Solar Projects

IOCL

180kW Rooftop Solar System, Kerala

Salasar Exotica

25kW Rooftop Solar System, Thane

Ekta Bhoomi

25kW Rooftop Solar System, Mumbai

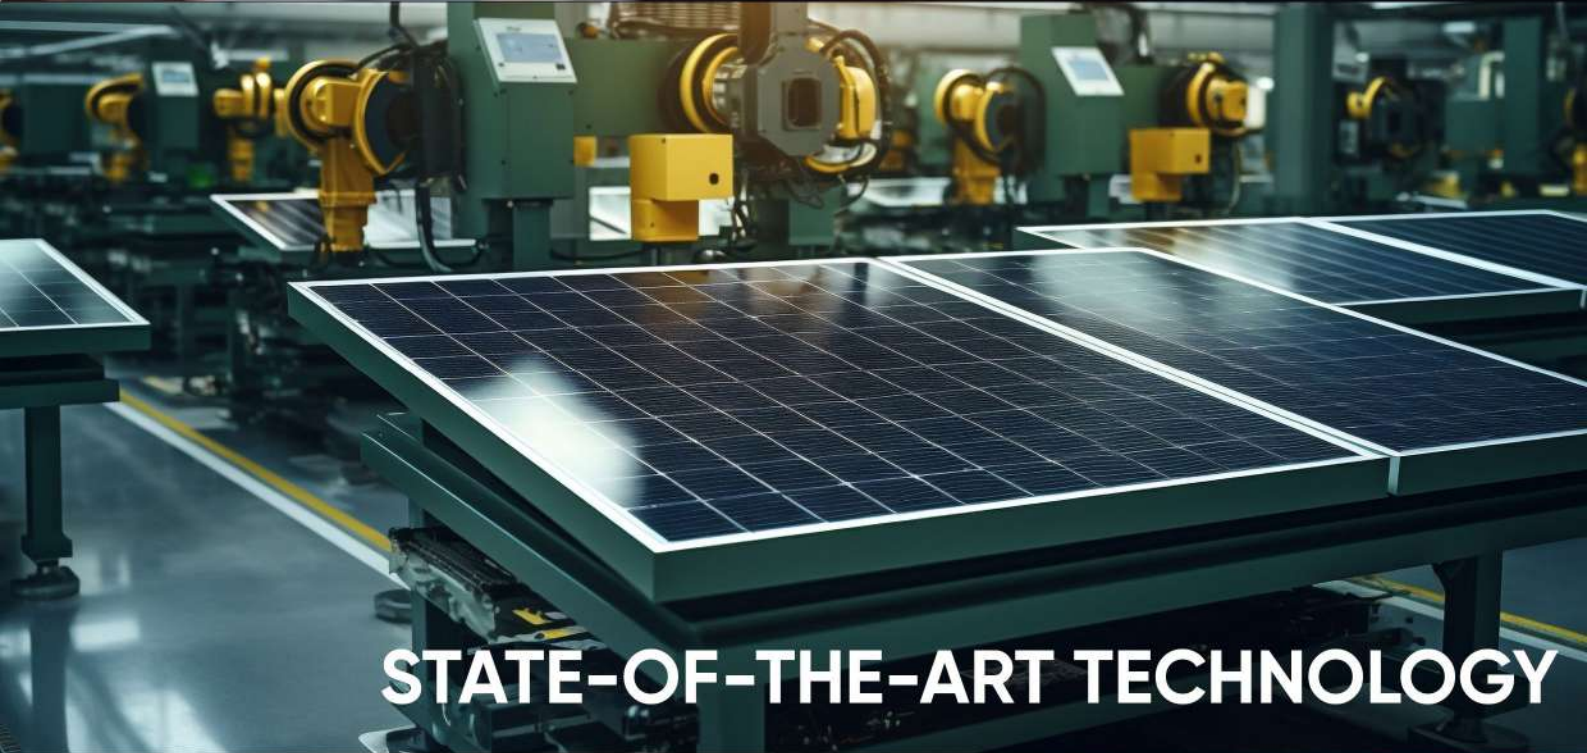

Solar Manufacturing Giant

400 MW DCR & Non-DCR
PV module production capacity.

HIGH EFFICIENCY PANELS

STATE-OF-THE-ART TECHNOLOGY

QUICK & RELIABLE SUPPLY

MANUFACTURING EXCELLENCY

Establishing a Stronghold in Solar Production

◆ Expansion by Sept'28

2500 MW of PV modules &
1100 MW of Solar Cells.

Ambition by 2030 ◆

2.5 GW capacity of PV
Modules & Solar Cells each

Karna Series

N-Type Technology

UPTO 23.14%

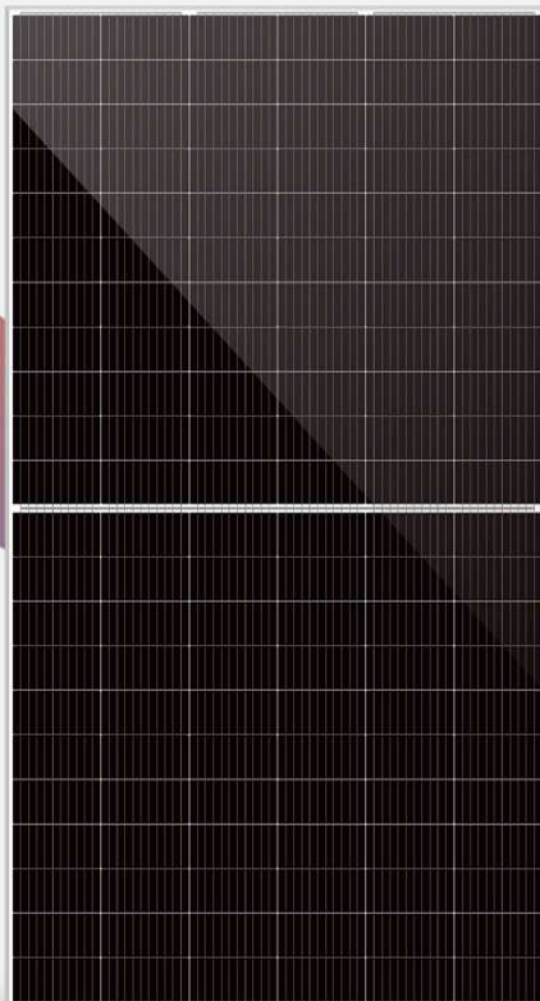

Module
Efficiency

12 YEARS

Product Warranty

30 YEARS

Power Warranty

TOPCON BIFACIAL MODULE WITH DUAL GLASS

Bhaskara Series

P-Type Technology

UPTO 21.8%

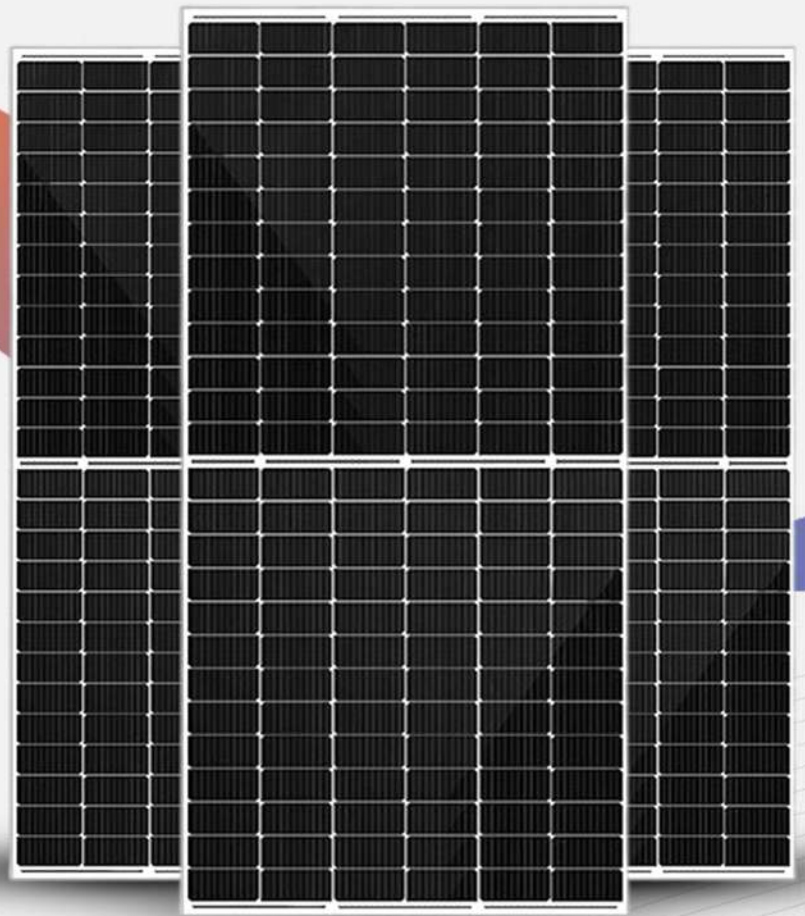

Module
Efficiency

12 YEARS

Product Warranty

30 YEARS

Power Warranty

MONO PERC BIFACIAL DUAL GLASS
